

## **Instructions for Completing Data Request Regarding Illinois Intrastate Retail Revenue**

The form was designed to correspond with the FCC Form 499-A. The instruction that apply to the Form 499-A apply to completing this form with the following exceptions.

1. The revenues to be reported on this form are Illinois Intrastate revenues only.
2. Primary Company Contact – Telephone: Enter the telephone number for the company representative responsible for completing this form.
3. Lines 412, 418, 419 and 420 of Form 499-A do not apply. Do not report any data.
4. Line 421 – Uncollectable Intrastate Retail Billed Revenues: Enter the company's Intrastate Uncollectible revenues included in account 5300 – Uncollectible Revenues.
5. Line 422 – Intrastate Retail Billed Revenues: Enter the subtotal of Lines 404 through 417 and subtract Line 421. The total on this line represent net end-user revenues for the purpose of determining contributions to the state universal service fund. The formula for doing this is included in the spreadsheet.

### **Additional Explanation**

1. This form is not being sent to CMRS providers. These lines (Lines 409 and 410) would include mobile revenues, if any, that a certificated carrier would have and report to the FCC.
2. Line 416, Satellite Services, would only be reported if there were intrastate satellite.
