ACCESS SERVICE

8. Billing and Collection Services

The Telephone company will provide the following services:

- (A) Recording Service,
- (B) Message Billing Service, and
- (C) Billing System Information Service

8.1 Recording Service

The Telephone Company will provide Recording Service in association with the offering of Feature Groups C and D Switched Access Service for customer messages that can be recorded by Telephone Company provided automatic message accounting equipment. In addition, where the Telephone Company records the customer messages on manual tickets, the Telephone Company will provide Recording Service for the manual tickets and at offices where the Telephone Company provides Feature Group A Switched Access Service and has the ability to record the Feature Group A call detail with automatic message accounting equipment and mark the recorded call detail as Feature Group A call detail for a specific customer, the Telephone Company will provide Recording service for Feature Group A Switched Access Service.

The Telephone Company will provide Recording Service in its operating territory. The minimum territory for which the Telephone Company will provide Recording Service is all the appropriately equipped offices in its state operating territory for which the customer has ordered Feature Group A or C Switched Access Service. For Feature Group D Switched Access Service, the minimum territory for which the Telephone Company will provide recording service will be an end office.

ACCESS SERVICE

8. Billing and Collection Services (Cont'd)8.1 Recording Service (Cont'd)8.1.1 General Description

Recording Service is the recording of the details of a customer message and, when requested by the customer, the provision of those details to the customer. Recording Service includes recording, assembly and editing, and provision of recorded customer message detail.

Recording is the entering on magnetic tape or other acceptable media the details of customer messages originated through Switched Access Service for which answer and disconnect supervision has been received. Recording is provided 24 hours a day, 7 days a week.

Assembly and editing is the aggregation of the recorded customer message details to create individual messages and the verification that the data required for rating, in accordance with the standard format established by the Telephone Company, is present.

Provision of customer message detail is the provision of magnetic tapes containing the assembled and edited customer message detail and when requested by the customer, data-transmitting the assembled and edited customer message detail to the customer, sorting the message detail, and providing name and address information for the message detail. Except for lost or damaged records, the recorded detailed will be available to the customer not more than five business days after the date all the detail requested by the customer was processed by the Telephone Company.

8.1.2 Undertaking of the Telephone Company

(A) The Telephone Company will record all customer messages which are accessible by Telephone Company provided recording equipment. Unavailable customer messages (i.e., certain Feature Group C operator and TSPS messages which are not accessible by Telephone Company provided recording equipment or operators) will not be recorded. The recording equipment will be provided at locations selected by the Telephone Company. Assembly and editing will be performed on all customer messages recorded during the filling period established by the Telephone Company.

(B) A standard format for the provision of the recorded customer message detail will be established by the Telephone Company and provided to the customer. If, in the course of Telephone Company business, it is necessary to change the format, the Telephone Company will notify the involved customers six months prior to the change.

8.1.2 Undertaking of the Telephone Company (Cont'd)

Upon request, sorting will be provided in accordance with the specifications the customer provides when it orders recorded customer message detail. The information necessary to sort the recorded message detail must be available in the Telephone Company records or be provided by the customer. If the sorting is to be performed using information which is confidential due to legal, national security, end user or regulatory imposed requirements, the information will not be used unless the customer secures written permission from the end user for the Telephone Company to use such information.

When available, the name and address information will be provided for the calling number shown in the recorded customer message detail. If the name and address information for a specific calling number is confidential due to legal, national security, end user or regulatory imposed requirements, the name and address information will not be used unless the customer secures written permission from the end user for the Telephone Company to use the information.

- (D) Where available and requested by the customer, recorded customer message details with or without sorting and with or without names and addresses will be provided on magnetic tape. The magnetic tapes will be provided without the return of previously supplied tapes. The Telephone Company will supply the magnetic tapes.

Unless specified otherwise by the customer, the magnetic tapes will be sent to the customer via first class U.S. Mail service. However, the customer may pick up the magnetic tapes at a location designated by the Telephone Company or request that the detail on the magnetic tapes be data-transmitted to the customer.

(E) Recorded customer message detail which is used to provide Message Processing and Message Bill Processing Service is retained by the Telephone Company for not longer than 45 days. The rated message detail is retained for reference (i.e., on paper or microfiche) in place of the recorded customer message detail. The Telephone Company will make every reasonable effort to recover recorded customer message detail not used in Message Processing Service. The charges as set forth in 17.5.1(C) following will apply for all such detail provided. When these recorded customer message details are data-transmitted to a customer premises, the data transmission charges 17.5.1(D) following will apply. Such a request must be made within 30 days from the date the details were initially made available to the customer.

(F) Program Development charges, as set forth in 17.5.1(E) following, apply for the hours required to design, develop, test and maintain the necessary programs to provide customer requested data or accommodate customer provided changes.

8. Billing and Collection Services (Cont'd)8.1 Recording Service (Cont'd)8.1.3 Liability of the Telephone Company

Notwithstanding 2.1.3 preceding, the Telephone Company liability for Recording Service is as follows:

(A) If customer message detail is not available because the Telephone Company lost or damaged tapes or incurred recording system outages, the Telephone Company will estimate the volume of lost customer messages and associated revenue based on previously known values. This estimated customer message volume will be included along with the customer message detail provided to the customer and/or provided for Message Processing Service. In such events the extent of the Telephone Company's liability for damages shall be limited to the granting of a corresponding credit adjustment to the customer amounts due to account for the unbillable revenue.

(B) When the Telephone Company is notified that, due to error or omission, incomplete data have been provided to a customer, the Telephone Company will make every reasonable effort to locate and/or recover the data and provide new magnetic tapes to the customer at not additional charge. Such request to recover the data must be made within 30 days from the date the details were initially made available to the customer. If the data can not be recovered, the extent of the Telephone Company's liability for damages shall be limited as set forth in (A) preceding.

(C) In the absence of willful misconduct, no liability for damages to the customer or other person or entity other than as set forth in (A) and (B) preceding shall attach to the Telephone Company for its action or the conduct of its employees in providing Recording Service.

8.1.4 Obligations of the Customer

(A) The customer shall order Recording Service Under a Special Order. The customer shall order Recording Service at least one month prior to the date when the customer message detail is to be recorded.

(B) The customer shall order, under a Special Order, provision of recorded customer message detail without sorting or name and address information at least one month prior to the date when it wishes to receive the recorded message detail. Any change in the provision of recorded customer message detail without sorting and name and address information to the customer will be accommodated provided the customer gives two weeks advance written notification to the Telephone Company.

8.1.5 Payment Arrangements and Audit Provision

(A) Audit Provision

Audit provisions apply as specified in Section 3.7.3(E) preceding.

(B) Minimum Period and Minimum Monthly Charge

The minimum period for Recording Service is one month. The minimum monthly charges are the charges for each rate element ordered by the customer for a 30-day period. If the service is terminated prior to the completion of the initial month's service, the Telephone Company will estimate the minimum charge for each rate element using the most recent data available.

(C) Cancellation of a Special Order

A customer may cancel a Special Order for Recording Service on any date prior to the service date. The cancellation date is the date the Telephone Company receives written or verbal notice from the customer that the Special Order is to be cancelled. The verbal notice must be followed by written confirmation within 10 days. The service date for Recording Service is the date the customer requests the recordings to start.

When a customer cancels a Special Order for Recording Service after the order date but prior to the start of service, the minimum monthly charges will apply.

8.2 Message Billing Service

Message Billing Service consists of Message Processing Service and Bill Processing Service. A customer may order Message Processing Service or Bill Processing Service or both services.

Upon request, the Telephone Company will provide Billing Service in its operating territory. The minimum territory for which the Telephone Company will provide Billing Service is its operating territory within the state of Illinois.

The Telephone Company will not render bills under this Tariff for the provision and/or delivery of telegrams, flowers, gifts, wine or other like services that a customer offers.

8.2.1 General Description

(A) Message Processing Service

Message Processing Service is the transforming of the recorded customer call details into rated messages in preparation for billing. Message Processing Service includes initial data entry and rating of messages.

Initial data entry is the assembly of recorded customer call details into customer messages. This function includes editing and verification of recorded details to assure that the data required for rating are present.

Rating of customer messages is the computing of applicable charges for each customer message based on the customer provided schedule of rates. Rating also includes the preparation of customer message detail for input to Bill Processing Service, the customer, or other entities.

(B) Bill Processing Service

Bill Processing Service includes message-billed (when necessary) and bulk-billed account established, posting of rated messages and rate elements, preparation and rendering of bills, collection of deposits, receiving payments, maintenance of accounts, treatment of accounts, message investigation and inquiry (when ordered by the customer).

Message-billed service is a billing service for an end user account where individual customer messages are posted to the account and are listed on the bill rendered to the end user. This includes customer credit card end user accounts without an end user common line or WATS Access Line and WATS-type service access line where individual messages or groups of messages are posted to the account and listed on the bill rendered to the end user.

Bulk-billed service is a billing service for an end user account with a WATS Access Line or WATS-type service access line where individual customer messages are not listed on the bill rendered to the end user.

Account established is the preparation of a customer's end user record so that a bill can be sent to that end user.

8. Billing and Collection Services (Cont'd)8.2 Message Billing Service (Cont'd)8.2.1 General Description (Cont'd)(B) Bill Processing Service (Cont'd)

Posting is the examination and identification of all the rateable elements specified by the customer to be billed to an end user and the application of appropriate customer rates and charges. The rating may be performed by the Telephone Company, another entity or the customer. Rating is always performed and editing may be performed coincident with the implementation of a change in the customer's schedule of rates.

Rendering of bills is the preparation and mailing of statements of the deposits and amounts due from the end user for customer message-billed and bulk-billed services. These statements may, at Telephone Company choice, be included as part of the regular monthly bill for local Telephone Exchange Service mailed to the end user.

Receiving payment and maintenance of accounts is the collecting of monies from end users for services furnished by the customer and maintenance of records of all transactions.

Treatment of accounts is the forwarding of notices of delinquent or unpaid end user accounts and posting of credits and adjustments.

Message investigation is that activity undertaken by the Telephone Company to secure, or attempt to secure, proper billing information for customer messages.

Inquiry is the answering of end user questions about charges billed for customer services and application of credits and adjustments to end user accounts and review of customer messages removed from an end user's bill.

- (6) Program development charges apply for hours required to design, develop, test and maintain necessary programs to provide customer requested data or accommodate customer provided changes.
- (7) The Telephone Company will, at the option of the customer, provide message-billed Bill processing Service with or without inquiry and bulk-billed Bill Processing Service with or without inquiry. When the Telephone Company provides inquiry, the Telephone Company will be responsible for contacts and arrangements with the customer's end users concerning the billing, collecting, crediting and adjusting of the customer service charges in accordance with written instructions furnished by the customer. When the Telephone Company provides Bill Processing Service without inquiry, all contacts from customer end users concerning the customer billed amounts will be referred to the customer. The Telephone Company will only be responsible for contacts with customer's end users concerning the collection of customer service deposits and charges. Inquiry will only be provided when the customer is provided Bill Processing Service at the same time.
- (8) The Telephone Company will accept customer gift certificates for payment from end users if the customer agrees in writing to redeem all such gift certificates. The format of the gift certificate must be acceptable to the Telephone Company.

- (9) Rated customer messages input to Bill Processing Service which the Telephone Company cannot bill for any reason will be reviewed by the Telephone Company's message investigation groups. Upon completion of the review, the billable messages will be posted and the appropriate charges will apply. Unbillable messages will be handled in accordance with instructions that have been mutually determined by the Telephone Company and the customer.
- (10) The Telephone Company will post rated customer messages to the appropriate end user accounts. The Telephone Company will bill to an end user other customer message-billed service charges, such as provision of a credit card, issuing of a credit card, blocking of third number billing, time and rate charges, and subscription charges when it receives an order for such services from a customer. Other customer message-related charges, such as directory assistance and DIAL-IT charges, will be billed to the end user based on customer message data received from message Processing Service or from the customer. The Telephone Company will make adjustments to end user balances due to account for application of credits authorized by customer inquiry instructions and customer furnished statements.
- (11) The Telephone Company will establish an end user account for customer bulk-billed service when it receives an order from a customer to perform such activity for a specific end user.

8.2.3 Liability of the Telephone Company

Notwithstanding 2.1.3 preceding, the Telephone Company liability for Message Billing Service is as follows:

ACCESS SERVICE

8. Billing and Collection Services (Cont'd)

8.2 Message Billing Service (Cont'd)

8.2.3 Liability of the Telephone Company (Cont'd)

(A) If Bill Processing Service detail is not available because the Telephone Company lost or damaged records or incurred processing system outages, the Telephone Company will attempt to recover the lost customer detail. If the lost customer detail cannot be recovered and the Telephone Company recorded the details, the customer detail and the extent of the Telephone Company's liability for damages will be as set forth in 8.1.3(A) preceding. If the lost customer detail cannot be recovered and the customer provided the detail, the customer will be requested to resupply the detail. If the customer cannot resupply the detail, the detail and the extent of the Telephone Company's liability for damages will be as set forth in 8.1.3(A) preceding. This recovered detail will be included in message detail provided to the customer when the customer orders such service and any recovered customer messages will be billed.

(B) When the Telephone Company is notified that, due to its error or omission, incomplete customer detail has been provided, as set forth in 8.2.2(A)(8) preceding and/or 8.3 following, to a customer, the Telephone Company will make a reasonable effort to recover and provide the customer detail to the customer at no additional charge. Such request to recover the customer detail must be made within 30 days from the date the customer detail was initially made available to the customer. If the detail cannot be recovered, the extent of the Telephone Company's liability for damages shall be limited as set forth in 8.1.3(A) preceding.

(C) If the Telephone Company finds, or is notified of, an error in billing to an end user, it will make a reasonable effort to correct the error and bill the appropriate end user within the limits permitted by laws of the state of Illinois. If the error is caused by the Telephone Company and the Telephone Company cannot bill the proper end user in a timely manner, the extent of the Telephone Company's liability for damages will be the known amount misbilled or when the amount misbilled is unknown, limited as set forth in 8.1.3(A).

- (D) In the absence of willful misconduct, no liability for damages to the customer or other person or entity other than as set forth in (A), (B) and (C) preceding shall attach to the Telephone Company for its action or the conduct of its employees in providing Message Billing Service.

8.2.4 Obligations of the Customer

- (A) The customer shall order message Billing Services under a Special Order. The customer shall be responsible for all balances due from end users that exist prior to ordering Bill Processing Service.

At the time Message Processing Service and/or Bill Processing Service is initially ordered, the customer shall order the service for 1 year. Not later than six months prior to the end of an order period, the customer shall notify the Telephone Company in writing if any service is to be discontinued at the end of the period. If no notice is received from the customer, the Telephone Company will automatically extend the services for another year, using the most recent 12 months of capacity provided. The customer will be notified by the Telephone Company when such an extension is made. All appropriate charges will apply for another year and the minimum charges will be based on the most recent 12 months of message capacity and/or bill capacity provided.

- (B) When Message Processing Service is ordered, the customer shall furnish the Telephone Company, an estimate of the number of messages (message capacity), including those messages which will be bulk billed, to be processed.

The customer, at its option, may order additional capacity. When more than one order exists at the same time for a customer, the capacity for determination of the additional capacity charge is defined as the sum of the prorated portions for each order for the calendar year.

(1) For Message/Bulk Billed Processing, message capacity is defined as Message and/or Bulk Billed messages processed.

(2) For Message/Bulk Billed Inquiry, charges will apply for the same capacity that additional charges apply for Message and/or Bulk Billed processing.

(F) The Message-Billed Service charge per bill rendered 17.5.2(D) following applies each month that one or more messages or related rate elements are billed to an end user. When both interstate and state customer messages (Z) are billed by the Telephone Company to the end user on the same bill, the Message Billed Service charge times 0.5 applies each month. When more than one copy of the end user bill is provided to the end user, the Message-Billed Service charge applies for each additional copy of the end user bill provided.

(G) A Bulk-Billed Service charge per bill rendered 17.5.2(D) following applies each month that one or more bulk-billed charges are billed to an end user. When both interstate and state customer bulk-billed charges are (Z) billed by the Telephone Company to the end user on the same bill, the Bulk-Billed Service Charge times 0.5 applies each month. ACCESS SERVICE

8. Billing and Collection Services (Cont'd)8.3 Billing System Information Service

At the request of the customer, the Telephone Company will provide information to the customer from its End User records, billing files and account data base.

8.3.1 General Description

Billing System Information Service is the provisions of information to the customer from Telephone Company record systems. Such Billing Information Service will be limited to the provision of information to a customer relating exclusively to End User services provided by that customer. Information relating to services provided by any other entity will not be provided.

Information is defined as any entry in the records which is not listed as proprietary to the Telephone Company. Any entry listed as proprietary to the Telephone Company will not be provided.

8.3.2 Undertaking of the Telephone Company

(A) Upon request from a customer who has also ordered Bill Processing Service, the Telephone Company will provide information from its records as follows:

- (1) message detail for a message end user
- (2) account detail for a message end user

Message detail is message-billed records in exchange message record (EMR) format.

Account detail is data that furnishes the end user name, billing address and billing parameters.

(A) (Cont'd)

Message detail and/or account detail which is confidential due to legal, national security, end user or other appropriate requirements will not be provided. If the customer requires this information in order to bill its services, it shall secure written permission from the end user to obtain the information from the Telephone Company. The customer shall furnish the Telephone Company the end user's written permission for the information to be released.

(B) Billing System Information will be provided on a total file and/or file update basis as follows:

- (1) The total file output will contain end user information for the current billing period. The billing period will be set by the Telephone Company. The magnetic tapes will be provided without the return of previously supplied tapes. The Telephone Company will supply the magnetic tapes.

Once available, the paper printout, magnetic tape or fiche will be sent to the customer via first class U.S. Mail service. At the option of the customer, the customer may pick up the paper printout, magnetic tape or fiche at a location designated by the Telephone Company or request the information be data-transmitted to the customer.

- (2) The file update output will contain end user information for the current billing period only. The current billing period is the period associated with the most recent bill rendered to an end user. The magnetic tapes will be provided without the return of previously supplied tapes. The Telephone Company will supply magnetic tapes. The file updates will include those records added and those records deleted, if available.

Once available, the file update magnetic tape will be sent to the customer via first class U.S. Mail service. At the option of the customer, the customer may pick up the paper output, fiche or magnetic tape at a location designated by the Telephone Company or request the information be data-transmitted to the customer.

(C) The Telephone Company will, at the request of the customer, mark any message-billed message end user account as a user of the customer's message services. After marking is ordered, the end user account will be marked as a customer end user account at the time the first message is posted to the end user account.

(D) Upon acceptance by the Telephone Company of a special Order for Billing System Information Service from a customer, the Telephone Company will determine the period of time to implement such service on an individual order basis.

8.3.3 Liability of the Telephone Company

Notwithstanding 2.1.3 preceding, in the absence of willful misconduct, no liability for damages to the customer or other person or entity shall attach to the Telephone Company for its action or the conduct of its employees in providing Billing System Information Service.

8.3.4 Obligations of the Customer

(A) The customer shall order Billing System Information Service under a Special Order. The customer shall order those Billing System Information Services for the states where it wishes to receive the services and shall specify how often it wishes the service to be provided.

8.3.5 Payment Arrangements (Cont'd)

(A) Cancellation of a Special Order (Cont'd)

- (1) For any service, the appropriate per hour rate for all hours expended by the Telephone Company to provide the service.
- (2) For any service, any expense for equipment obtained for the service where such equipment cannot be reused within six months.

(B) Changes to Special Orders

When a customer requests changes to a pending Special Order for Billing System Information Service, any additional time required on the part of Telephone Company personnel will be billed to the customer at the appropriate hourly charges.

8.3.6 Rate Regulations

- (A) The Provision of Billing System Information Service Special Order Charge 17.5.3(A) following applies for each Special Order accepted by the Telephone Company for Billing System Information Service.
- (B) Billing System Information Detail Charges 17.5.3(B) following apply when records are entered on a data file or magnetic tape in order to provide information to a customer. A record is a logical grouping of information as described in the programs that process the information. For each service and type of output ordered, the number of records processed by the Telephone Company to prepare the output will be used to determine the charges. The number of records processed will be determined using the number of records input to or the number of records output from the programs that process the information, whichever number of records is higher. The per tape charge applies for each tape prepared.
