

ACTION REQUIRED

VPS Memo

BDC Production Fabric Available

IMMEDIATE ACTION RECOMMENDED

The Federal Communications Commission (FCC) announced the BDC Production Fabric (Fabric) is available in [DA 22-668](#).

Provider Action Required

Service providers are encouraged to access their fabric and start the Broadband Data Collection (BDC) filing early. Accessing the Fabric will be different depending on your activity with the preliminary Fabric data. Listed below are basic notes from the Order.

Preliminary Fabric Accessed?	Production Fabric Important Notes
Yes <i>(CostQuest Log-In available)</i>	Service providers with an existing CostQuest license agreement will have immediate access. <ul style="list-style-type: none"> ▪ CostQuest will email the existing contact a link to access the Fabric data ▪ Utilize existing CostQuest site credentials to access/request the Fabric <i>(Location IDs will start with a 1 in the production Fabric)</i>
No <i>(CostQuest Log-In not-available)</i>	Service providers will be required to execute a license agreement with CostQuest prior to accessing the Fabric (important information below). <ul style="list-style-type: none"> ▪ Email CostQuest at: nbfsupport@costquest.com ▪ Subject: BDC Fabric Request (Company Name) ▪ Contact information to include in email: <ul style="list-style-type: none"> ▪ Name ▪ Email address ▪ Service provider name ▪ Service provider FCC Registration Number (FRN) ▪ CostQuest will provide user with information to execute a license agreement

State, Local, and Tribal Government Entity Fabric Access

Governmental entities can access the Fabric utilizing dedicated steps identified in the notice.

- Obtain an FRN
- Submit requested information in the BDC system
- FCC will review, request, and provide information to CostQuest
- CostQuest will provide requesting entity with information to execute a license agreement

Immediate Action Recommended

Vantage Point recommends accessing your Fabric immediately to eliminate any delay in completing the filing.
